

## **NEW HAWAII COMPANY, EMPOWERED INTERNET SOLUTIONS, SECURES ITS 100th WEB CLIENT WITHIN FIVE MONTHS OF LAUNCHING REVOLUTIONARY WEB PRODUCT**

**Honolulu, HI (February 21, 2006)** – Empowered Internet Solutions, LLC (Empowered), a fast-growing, locally owned and operated internet solutions company specializing in website development, signed on its 100th client within five months of the company’s opening.

Empowered recently launched its anchor product, ZeppOS, which promises to revolutionize the way websites are built and maintained.

“Because our web development software is so simple to implement and use it is easy for Empowered to handle a very large volume of clients without being inundated with work,” says Empowered CEO, Rob Bertholf. “We feel ZeppOS will eventually make its way into nearly every business and we are very happy with how quickly our customers responded to the simplicity, quality and low cost of ZeppOS

ZeppOS is a very easy-to-use web application, facilitating the ability to transfer existing websites, rapidly launch new websites, and or create or re-design multimedia-enabled websites. ZeppOS is a hybrid content management system (CMS) with total-site management capabilities and a library of extended functionality, allowing websites to be updated directly from the Internet by personnel with little or no technical background.
